

Join a vibrant community of  
**Textile & Apparel professionals for**  
**Learning-Sharing-Rewarding**

Become a 'Textile Today Innovation Hub' member to be part of one of the sector's largest LEARNING, SHARING, and REWARDING programs. LSR is the most effective method of fostering innovation in companies and professional life. TTIH coordinates year-round regular learning and sharing programs among its members. It also connects global knowledge resources, experts, academicians, and innovators with its members. TTIH will also acknowledge impactful innovation initiatives taken by member companies and professionals.

# Learning-Sharing-Rewarding Benefits

## Learning

1

Regular special training to members under different Innovation Cells.

2

Gain valuable hands-on experience and develop new skills by participating in TTIH Innovation Cell and its Innovation Projects.

3

Stay informed and inspired by receiving complimentary copy/copies of Textile Today, and TexSPACE Today magazines. It enriches with the latest developments, new technologies, trends, and insights of the T&A industry.

4

Stay at the forefront of industry trends with priority access to TTIH events, seminars, and programs, and get special discounts on TTIH training programs.

## Sharing

5

Regular workshops, seminars, and user group meetings among members & other experts, technology providers, etc.

6

Mentor and train aspiring professionals/learners, making a positive impact on the future of the industry by organizing & collaborating with the TTIH team on innovative projects.

7

Contribute your expertise and share your implementation, and best practices by participating in TTIH publications, getting priority access to participate in thought-provoking discussions, and networking with industry leaders at different TTIH events.

## Rewarding

8

Receive professional recognition & enlisted for the TTIH professional award for your innovations and developments in the T&A industry.

9

Gain recognition and visibility within the industry with your name/logo featured in various TTIH services and the TT magazine.

Textile Today Innovation Hub (TTIH) is a premier platform that fosters innovation in the textile and apparel industry. It provides various services to help companies develop and implement new products, processes, and technologies. TTIH also offers training and education programs to help professionals stay up-to-date on the latest trends and developments in the industry.

TTIH's mission is to help the textile and apparel industry become more sustainable, competitive, and responsive to customer needs. The hub achieves this by:

- Identifying and prioritizing innovation opportunities.
- Implementing innovative projects under different Innovation Cells.
- Sharing knowledge and best practices with the industry through the platform.

### TTIH's services include:

**Innovation Project management:** TTIH helps companies in defining the scope of innovation, and plan, execute, and evaluate innovation projects.

**Technical expertise:** TTIH provides access to a team of experts under different innovation cells.

**Networking and Collaboration:** TTIH brings together companies, researchers, professionals, experts, learners, and other stakeholders to foster collaboration and innovation.

**Training and Education:** TTIH offers a variety of training and education programs to help professionals implement innovation projects and stay up-to-date on the latest trends and developments in the industry.
